TREATMENT MENU & PRICE LIST

“My vision was simply to create the perfect beauty destination which offers every kind of treatment to make you look and feel special – I like to call it pampering with results!”

NILAM HOLMES-PATEL, HIGH DEFINITION FOUNDER & CEO

The High Definition Beauty Boutique is a luxury beauty destination where you can relax and enjoy some much deserved pampering, while we transform you from top to toe with our exclusive treatment menu.

Combining science with beauty is our philosophy, and this underpins everything we do here at the High Definition Beauty Boutique. Each treatment offered, along with every product used, is designed and developed for High Definition by founder and beauty expert Nilam Holmes-Patel. Working alongside industry specialists and medical professionals, our treatments and correct aftercare mean our team of elite therapists offer only the very best treatments.

We don't believe that one treatment can fit all - that's why each and every treatment on our menu at the High Definition Beauty Boutique is bespoke to you. At the core of every service is a personal consultation with your therapist to ensure the result is perfectly tailored to you - to your skin type; to your specific concern; to your colouring; to your style.

HIGH DEFINITION BROWS

Our transformative eyebrow treatment is now known as the UK's number one salon brow treatment, thanks to an expanding list of A-List fans and beauty editor converts. HD is a tailor made eyebrow shaping treatment that focuses on design. It involves a combination of techniques including tinting, waxing and threading using specialist High Definition products. After a consultation to discuss your style, our stylist will map your brow and apply the 'High Definition Design Formula' to ensure they create the perfect brow for you.
